## CONCEPT HOUPS

Houps, c'est un éclat de lumière dans un jeu de cylindres emboîtés.  
C'est un rayon de soleil captif d'une verrine en verre coloré.  
Il est accompagné d'un tube ou de fins fils de cuivre qui permettent des dispositions aériennes tout en souplesse et en charme.

*/Houps it is a light sparkle at the end of a wand. It is a captive ray of sunshine in a colored glass verrine. It can be mounted on a stem or hanging simply with copper wires, allowing flexibility and charm.*
