## CONCEPT KAMÉLÉON

L'adaptabilité est la qualité maîtresse de la lampe Kaméléon. Ses proportions indémodables et contemporaines en font une alliée précieuse quelle que soit la scène à éclairer. Suspension, applique, lampe à poser, elles propagent un charme aussi évident que discret.

*/Adaptability is the kameleon's main quality. Its contemporary and timeless proportions make it a precious ally in the lighting of a garden. Pendant light, wall light, floor lamp, they all possess a discreet and inherent charm.*
